## Rollback Tax Rate Eclecto Water District

The rollback tax rate is the highest rate the water district may adopt without authorizing qualified voters to petition for a rollback election. The rollback rate is the current year's debt service and contract tax rates, plus the maintenance and operation (M&O) rate that would impose no more than 1.08 times the amount of M&O tax imposed by the water district in the preceding year on the average appraised value of a residence homestead in the water district. The average appraised value disregards any homestead exemption available only to people with disabilities or those age 65 or older.
