How can you #EndTheStreakTX

TO

#EndTheStreakTX

Here's what TxDOT is doing:

- We engineer every road to be more forgiving of driver behaviors.
- Roadside rumble strips alert drivers if they start moving off the road.
- We use median barriers to prevent head-on collisions.
- We use technology like flashing LED signs and radar sensors to prevent wrong-way collisions.
- Driver education campaigns give drivers safety reminders.

Here's what I can do:

- Set and Be the example at work and home
 - Buckle up: Seat belts are your first line of defense.
 - Drive the speed limit, or slower, depending on road or weather conditions.
 - Never drive under the influence of alcohol or drugs. Plan a sober ride home.
 - When driving, put your phone away or set to "Do Not Disturb".
